The survivors of the Arabic, a German liner, which was torpedoed and sunk in the Adriatic, reached port today.

FOUR TURK TRANSPORTS TORPEDOED AND SUNK

Particulars Activity of British Submarines Around the Dardanelles.

PARIS, Sept. 2.—Four Turkish transports have been torpedoed by British submarines.

Following is the text of the report: "In the Dardanelles the last week of August has been calm throughout on the northern front. In the northern zone British troops delivered successful attacks which put them in possession of a hilltop to the west of Havin Anafarta, which had been contested keenly.

"The transports sunk on Aug. 29 by one of our destroyers in the anchorage at Akhisar, it is necessary to add four transports torpedoed by British submarines, two of them at the same point and two others between Gallipoli and Nagara.

19,320 PRIESTS AMONG ITALIAN VOLUNTEERS

These Are in Addition to the 745 Who Are Serving as Chaplains.

ROME, Sept. 2.—Among the Italian volunteers at the front are 19,320 priests, it was estimated to-day, besides 745 priests who are serving as chaplains.

Many priests have been killed and wounded.

French Air Raid Near Brussels.

AMSTERDAM, Sept. 2.—A French aviator early today bombarded the barracks at Etterbeek, a suburb of Brussels. It is reported that many German soldiers were killed.

COURTS OVERRIDDEN BY SERVICE BOARD IN NEW TAXI RULE

(Continued from First Page.)

find they have paid more than legal rates.

"There is certainly more opportunity for strangers to be misled by zone systems, especially when cabs are not under city jurisdiction and they can't appeal to the police accordingly.

"The only reason the Westcott Express Company have escaped the city ordinance is in the fact that they do not carry meters and operate under the guise that they are operating from private property.

"This, of course, is paradoxical since they now insist they are under the Public Service Commission as common carriers.

"Every cab carrying passengers in the City of New York for hire whether at railroad stations or on the streets should be under the supervision of the license bureau, with legal rates, so that protection of the public may be sought immediately as to any violation.

"The sooner the Board of Aldermen adjust this definition of public cabs to include all operators of cabs the better it will be for the riding public. A division of power between the Public Service Commission and the city authorities is bound to work hardship to passengers. The fact that a license is granted to a single cab and not a company of cabs, and that cab and driver is responsible to the city for proper service is the one fundamental principle to maintain for efficient service."

BERLIN (via wireless to Tuckerton, N. J.), Sept. 2.—The Kaiser has conferred the order Pour le Merite upon five more army leaders on the Franco-Piedmont front—Gen. von Heering, von Strantz, von Falkenhausen, Cade and von Fabek.

In congratulatory messages the Emperor expressed his appreciation of their success in holding back the French, thus making it possible to throw great forces against the Russians.
